

## TRAINING CERTIFICATE

This is to certify, that

**Stepanov Oleh**

as a participant of the international project "MMATENG" ("Modernization of two cycles (MA, BA) of competence-based curricula in material engineering according to the best experience of Bologna Process"), code 543994-2013-BE-JPCR on the Tempus program of European Commission participated in the training course at KU Leuven – technology campus De Nayer, 17 to 30 January 2015.

During the training participant has been acquainted with course materials concerning material sciences, and attended courses on:

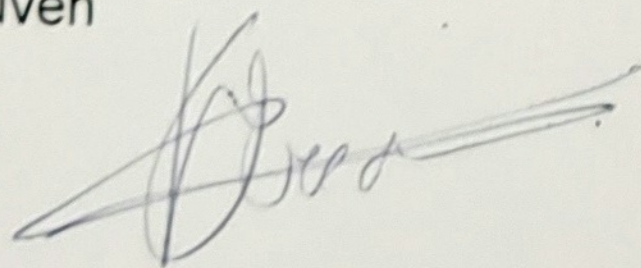

- Workshop on The Bologna Process and European Higher Education Area.
- Workshop and lectures on CES (material selection tool)
- Workshops Siemens NX (CAD/CAM/CEA)
- Lectures on advanced manufacturing and materials sciences.

The participant visited the laboratory equipment in the departments of the KU Leuven – technology campus De Nayer, of KU Leuven Materials engineering department and of ENSCL (Ecole Nationale Supérieure de Chimie Lille) France.

The participant took part in the project meeting on 29/1 and in the discussion of the current project results.
